No. 77/SS/Q/SL/RT/2022-2023

Date: 30-12-2022

CIRCULAR

Sub: SS- Learning enhancement Programme/Enrichment Programme
“Remedial Teaching for Slow Learners”. Release of funds along
with Guidelines & Annexures – Reg.

A slow learner is a child of below average intelligence whose thinking skills and scholastic performance have developed significantly more slowly than the pace of his or her age.

An amount Rs.500/- per Slow Learner has been released through e-transfer for implementing the programme “**Remedial Teaching for Slow Learners**”. In this regard, **an Annexure I, II & III comprising of definition, characteristics, identification, remedial measures, and strategies, guidelines & Check List** with regard to Slow Learner and **per child cost break up** are enclosed herewith for necessary action.

The Heads of Govt. Schools shall strictly adhere to the procedures and guidelines for implementing the programme “**Remedial Teaching for Slow Learners**”.

The Heads of Institutions shall send the list of Mentor Teacher and Name of Slow Learners to respective Block Resource Centers. The Block Resource Centre Staffs shall consolidate the report and submit the same to State Project Office, Samagra Shiksha, Puducherry on or before 20.01.2022. The lists of Schools are enclosed herewith.

GUIDELINES FOR REMEDIAL TEACHING FOR SLOW LEARNERS
FROM CLASSES 6 TO 12

Definition

A Slow Learner is a child of below average intelligence whose thinking skills and scholastic performance have developed significantly more slowly than the pace of his or her age.

“Slow Learners are the Learners whose learning pace is slower than their peers”.

- Slow Learners are neither rare nor unique
- One who cannot learn at a average rate from the instruction resources, texts, workbooks and learning materials designed for the majority for the students (less than the Average Rate)

Characteristics of Slow Learners:

1. The Learning Level of students is below average performance in School Based Assessment.
2. Low education attainment than what he/she is capable of.
3. Deficiency in basic skills (reading, writing, analytical ability).
4. Short span of attention and easily distracted by other things.
5. Weak/poor memory.
6. Poor self-esteem (Low expectations of themselves) & lack of self-confidence.
7. Takes more time to learn and can't keep pace with the rest of the class (in one or more subjects).
8. Difficulty in understanding / following several steps in a task.
9. Prone to immature interpersonal relationships (Prefer Company of younger children)
May show immature language patterns.
10. Difficulty in connecting and transferring the information learnt in one situation to other.
11. They may not show consistent performance.
12. May not attend the class regularly.
13. May show proficiency with particular task (Hands-on activities, sports, co-curricular, etc.,) other than subject areas.
14. May have poor reasoning skills

Identification of the Slow Learners

Early diagnosis of Slow Learners is necessary at the early stage. Teachers can identify Slow Learners through the following techniques.

1. Observation
2. Scholastic Tests
3. Case Study

1. Observation

Continuous Observation may be done by the teacher by watching the Child's behavior directly or indirectly. A child's behavior is not only observed in the class room but outside also. Observation may be done under simple as well as controllable conditions. The teacher should analyze and interpret the information he/she gets from his/her observation.

Table 1

Sl. No.	Behaviours	Yes	No
1.	Functions at ability but significantly below grade level		
2.	Perform poorly in examinations or tests		
3.	Difficulty in understanding simple skills, eg. Taking turns in performing a particular project or task		
4.	Engages frequently in impulsive actions, aggressive reaction, abusive expression		
5.	Finds it hard to solve mathematical problems		
6.	Reading and Comprehension is poor		
7.	Thinking and reasoning capacity is poor		
8.	Has poor memory and short attention span		
9.	Faces difficulty maintain friendships		
10.	Has low self esteem		
11.	Faces problem with time management		
12.	Faces difficulty in transferring concepts from one task to another		
13.	Always needs assistance to learn & complete assignments		
14.	Likes talking to people but cannot start a conversation		

To screen the children for Slow Learners, teachers can use the above tool/checklist. Before using the check list on a child, teacher has to make sure that symptoms must be persistent for 5 to 6 months in functioning and it causes significant impairment. If a teacher finds “Yes” to more than 5 behaviors of a child then the child may be considered as a Slow Learner. However, he/she cannot be tagged as a Slow Learner.

2. Scholastic Tests

These tests can throw light on areas like Arithmetic, Reading, Spelling, Composition, Writing, Language and Comprehension. General and specific problems of children are identified by the teacher through scholastic tests and causes of anomalies can also be evaluated properly. Assessment of Children’s performance in specific subject is to be based on the cumulative record.
