The online web portal named ‘ShaGun’ which means 'good omen' is designed and monitored by MHRD. In Hindi, 'Shala' means 'School' and 'Gunvatta' means 'Quality'. Shala Gunvatta (ShaGun) Portal is a twin track approach to monitor progress of implementation of the various components while also capturing and sharing of best practices from States and UT's. The portal has two parts namely Online Monitoring and SSA Repository.

1. **Online Monitoring** will capture the progress in implementation. Regular updates of progress will be available through dashboards to the Ministry and States for internal monitoring. Some reports would also be available in the public domain.

2. **SSA Repository** is a repository of innovative practices, success stories, evaluation reports, and interventions initiated across all the States and Union Territories in the area of Elementary Education.

In this regard, Branch Officers and Coordinators of SSA and RMSA are requested to share videos, photographs, case studies, testimonials, documents, reports, research studies and other evidence of innovative practices in different topics (listed in Annexure) to the Nodal Officer for ShaGun, State Project Office, SSA, Puducherry through email (ssapondy@ymail.com, rmsapuducherry@gmail.com) or through special messenger for uploading the data on the portal. Inspecting officers may also obtain the best practices from the Schools under their control and send the same to the Nodal Officer in the prescribed proforma after examining the best practices for uploading on the portal.
